

TR

# THE TILITE TR AND YR. RAISING THE BAR TO A WHOLE NEW LEVEL. LITERALLY!

## WHY TITANIUM?

Reason No. 1: Titanium Absorbs Vibration.

Reason No. 2: Titanium Won't Break.

Reason No. 3: Titanium has the Highest Strength-to-Weight Ratio of Any Metal on Earth.

## TILITE INNOVATION.

- Compact **Dual-Tube** 1" aerospace grade titanium frame optimizes energy transfer for the most efficient propulsion.
- **Bullet** caster housing reduces weight and gives the TR and YR a stylish look.
- **Performance 5-Spoke Soft Roll Wheel** weighs just 1.6 ounces, 40% lighter than the original 3-Spoke Wheel.
- **TiShaft** back release bar makes folding and unfolding the backrest easy from any angle.

## TECHNICAL SPECIFICATIONS.

\* Weights and widths based on 16" x 16" TR and 12" x 12" YR chair with 0° camber, minimum rear wheel spacing and all standard features. Rear wheels are not included in transport weight. For reference, a pair of standard 24" rear wheels weighs 7.6 lbs. and a pair of 22" rear wheels weighs 7 lbs.

## TIFIT IS EXCLUSIVELY OFFERED BY TILITE.

The difference between a TiFit chair and all other chairs is that a TiFit chair is tailored specifically to you: Every frame is made to measure. No tube is cut, bent, or welded until our skilled fabricators have a full-scale drawing of your chair based on your exact measurements. Only TiLite offers TiFit. The optimal fit of a TiFit chair brings unparalleled performance and function. You will feel the difference in everything you do.

## CUSTOM CONFIGURATION THE TILITE WAY.

Custom configuration is when you are able to select options and components on a chair to meet your needs. While other companies offer some custom configuration, TiLite offers the widest range of options from which to choose. More choices mean more ability to truly create a custom configuration of options that best meets your needs. Choice matters and that is why TiLite offers more options than any other manufacturer! The choice is yours.
